# Dedicated with love to Tim Roberts

To the Class of 2006 and Faculty of WAHS:

We would like to express our sincere appreciation and gratitude for the honor you have bestowed upon Tim, that of dedicating your yearbook in his memory. Tim was an ordinary young man in so many ways yet he was an extraordinary young man of exceptional strength and courage. He took on this terrible disease and never gave up hope that he would beat it. His concern was not for the disease but how he could help others at the Dana Farber. He taught us all to **LIVESTRONG** and to never give up the fight. His challenge to you would be to stay positive in life even when life throws you a curve and to do what you can to help others. If we committ to carry Tim's spirit within us, the world will become a better place.

"Like a comet...blazing across the evening sky... Gone too soon... but always in our hearts... We thank you so much for remembering..."

Tim, Pat and Amy Roberts  
The Roberts Family  
The Connors Family

"Tim was an amazing person. He was able to teach us more about life in 22 years than most people could in 100. Timmy taught us about strength, courage, to be ourselves, and most of all to live life to the fullest everyday. Throughout his battle with cancer, Tim held his head high and remained positive even in the toughest of times. Even when it was hard for Tim to talk, he always managed to thank me for going in to see him. That explains the type of person Tim was to a T. He was always caring about YOU, no matter how much he was going through. Tim impacted all of our lives and touched all our hearts. He will forever be in my heart..." -Kaitlin Smith

"Tim is an inspiration to all of us who walk on this planet. Some of you knew him better than others, but he impacted us all with his incredible will. It is up to us to go forward and carry some of Tim with us. Savor each sunset, treasure each moment, live each day to the best of our ability. We owe that to Tim who would have done anything to be with all of you longer." -Sue Patnaude

*In the rising of the sun and in its going down... We remember you  
 In the blowing of the wind and in the chill of the winter... We remember you  
 In the opening of the buds and in the rebirth of spring... We remember you  
 In the blueness of the sky and in the warmth of the summer... We remember you  
 In the rustling of the leaves and in the beauty of autumn... We remember you  
 In the beginning of the year, and when it ends... We remember you.*

### Stairway to Paradise

*When I climb the stairway to paradise  
 I'm taking my tackle and rod,  
 Because when I go out fishing  
 I always feel closer to God.*

*All find a clear lake with fish jumping,  
 All sit on the bank and find rest.  
 Enjoying the good peace and quiet  
 As the birds settle down in their nests.*

*Then in the cool hush of evening  
 As I kneel down to offer a prayer,  
 All feel a warm hand on my shoulder,  
 And All know that my Lord's standing there.*

*We'll sit and we'll talk in the moonlight,  
 Oh, what a glad day that will be!  
 All know peace with God, my Savior,  
 Yes, that will be heaven to me.*

*-Anonymous*

*"...Tim was an easy person to love. He was generous with his time and attention and his interest for his friends was genuine and unselfish. When Tim wanted to talk about my life instead of his, it wasn't just because he didn't want to dwell on his illness. He really cared about what I was up too and how things were going in my and my family's lives. I know he showed the same interest in all his friends' lives.*

*As I have heard the tributes his family and friends have made to his memory, I have realized that all of us experienced Tim in more or less the same way. He was never phony, never anyone but himself. He let us get to know him in all his insecurities as well as his strengths. He wasn't afraid to tell about his failures, and the thing was, he never complained or offered any excuses. He just presented himself, as he was, flaws and all. It only made us love him more. We don't often know someone like Tim, a person who is truly good-not perfect, but never putting himself before others or his own needs above those of his family and friends. Tim probably would want to contradict me and tell me that he was nothing special, but goodness is a quality there is just not enough of in this world..." -Frau Gerland*

*"I LOVED Tim and think dedicating the yearbook to him is wonderful. I had him as a senior, and thought he had a wonderful sense of humor, great sensitivity, dedication and warmth. Last year when he was diagnosed with cancer, he would come see me after school to talk. He never felt sorry for himself and was so willing to talk and discuss his struggle. He never gave up. He always had the best smile and sense of humor and was always so REAL. Tim never put on airs. What you saw was what you got. He was always upbeat, pleasant, encouraging and kind. I will never forget his smile. He was a tremendous young man and an inspiration to anyone who knew him." -Mrs. Gregoire*

*"Tim was one of the strongest people I have ever met. He was always such a great mentor to all of his teammates and one of the best friends I have ever known. He never had a bad thing to say about anyone and even during his toughest days while battling cancer, he always listened to everyone else's problems and gave the best advice... Tim was an angel on earth and we are all so lucky to have a guardian angel watching over us. Tim, I will love and miss you every day that passes and I want to thank you for making me a better person today..." -Meghan Caffrey*

Vatsa, Abhay. About an eight inch above this line, left aligned, are two simple five-letter words. These are no ordinary words. These words are my forename and my surname. They carry with them a persona, an identity. Vegetarian, Indian, tall, inquisitive. I think the greatest thing about high school is the major growth of an adolescent. It is amazing just to look back and see how much you have changed. All I know is that with the friends I had I've had one of the greatest times of my very short life. I've begun to question my very existence and to realize the purpose of life. Human beings do not live forever. We live less than the time it takes to blink an eye when measured against eternity. So it may be asked what value is there to human life. There is so much pain in this world. What does it mean to suffer so much, if we are nothing more than a blink of an eye. I have learned long ago, that a blink of an eye in itself is nothing. But the eye that blinks, that is something. A span of a life is nothing. The man who lives that span, he is something. Meaning is not automatically given to life, one must work hard and fill his life with meaning. I will find such meanings. That is all.

# Retiring Teachers

## Mr. Raymond Grady

Mr Grady has been highly involved with the school's clubs and sport's teams, including assistant coaching the North Andover football team for six years back in the 1970's, assistant coaching the girls' basketball team back in the 1980's, and taking part as an official sports referee for over thirty years.

He always has a smile on his face and is quick to offer a cup of coffee. The high school will not be same without him.

"Mr. Grady really promotes class discussions and debates."

-John Waisnor

"Mr. Grady has had far more of an impact on more students at WAHS than most of the teachers I have known."

-Mr. Humphreys

"Ray Grady will be sorely missed. I will miss his infectious laugh and his many tidbits of history trivia. Ray is a great educator and a consummate gentleman."

-Mrs. Hallbauer

Mr. Tracey sends Mr. Grady off with only the best regards. He will miss Mr. Grady's 'gift of gab' and ability to hold the attention of everyone in a room. He wishes him the best retirement with his grandchild in Chicago.

## Mrs. Barbara Kyte

One student recalled Mrs. Kyte's active presence in the hallways and her intimate connections to the students.

"She had a special kind of 'tough love' that endeared her to students."

-Mrs. Hallbauer

"Barbara Kyte is a gifted educator who worked hard for her students everyday. She was instrumental in the success of our school"

-Mr. Gregg Gilligan

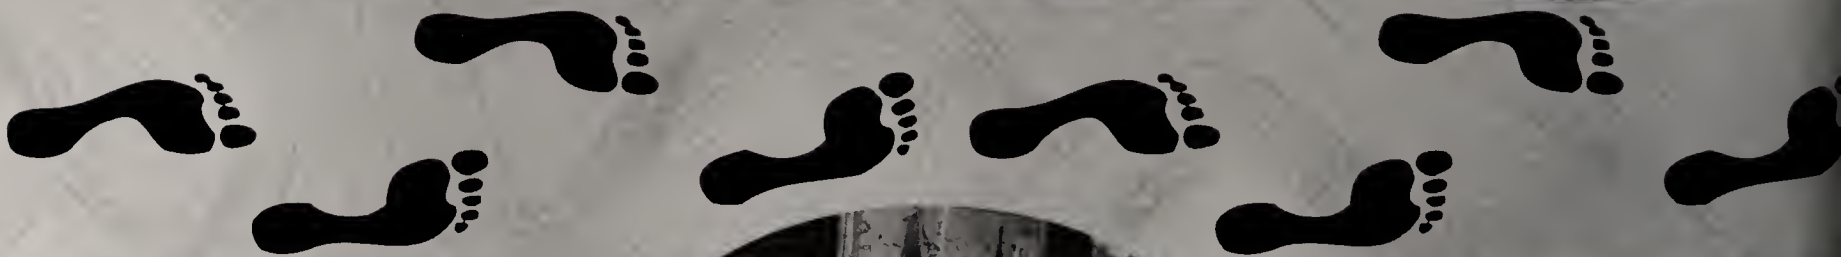

"You'll be on your way up!  
 You'll be seeing great sights!  
 You'll join the high fliers who  
 soar to high heights."  
 -Oh the Places You'll Go

## Model United Nations

The Model UN Team has just completed its second year at North Andover High School. Students started the year by researching current world events and learning parliamentary procedure. They then attended two conferences - one located at Northern Essex Community College and the other at UNHASS Lowell. During the conferences, the delegates spent 3 days arguing issues from the perspective of one country, writing resolutions, and responding to invented crisis situations as they arose. Through the conferences, delegates gained insight into the complex world of international politics, and had a fantastic time in the process!

# Editor's Page

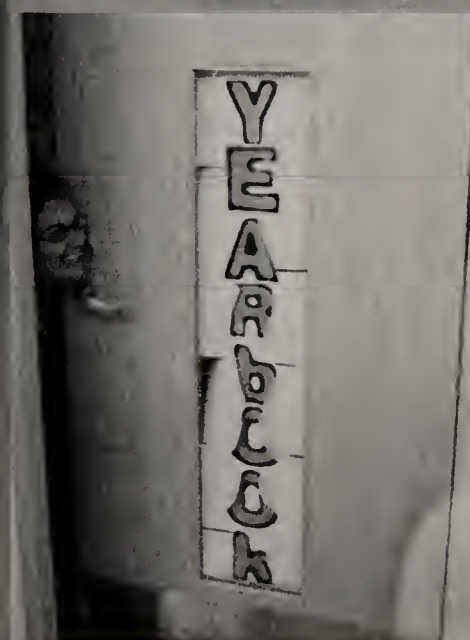

With the 2006 school year coming to its end, we editors find ourselves asking one simple question: why did we ever join the yearbook staff? When we volunteered to become the creators of the 2006 yearbook, we had no idea what was in store for us. Despite all of the hard work and various struggles we endured, we somehow managed to complete the monstrous task that was placed in front of us. To some, it may just be a yearbook, to us, it will forever be a tribute to the memories and friends we've made along the way.

The creating process began in the early summer months of 2005, when eight of WAHS' finest juniors and seniors mysteriously disappeared for two days. As embarrassed as we were to admit where we had gone to our family and friends, it will now be uncovered. Our location? Yearbook camp. For two days we took useless courses on how to make page layouts and argued with artists over what our cover should look like. After that we started the typical preparations for the senior class, from brainstorming new class superlatives to collecting enough candid photos to fill our book. We spent hours making page layout after layout, yet were mysteriously missing deadlines left and right. We were constantly avoided by the sports captains and club advisors we stalked for write ups, while it was us that did the avoiding of Mrs. Wolf when we knew she had something else for us to do. On many occasions we practically lived in the closet we call the yearbook room, skipping classes to complete a signature and having Steph order Arthur's Pizza with a British accent just to keep us amused. Despite the fact that the room had four computers, we all fought for the one computer that worked, while the rest remained decoration for us to put up goofy backgrounds on, and the fact that of the two printers, one rarely worked while the other we could never figure out where the pages it would print came from. We somehow managed to control our anger at the slowness of the computers and barely avoided chucking them over the second floor onto Main Street. We stayed hours after school got out, chatting with janitors surprised to see us still there when they came to empty the trash and even gave up our school vacations to come in and do work. But, in the end, after all the hard work and stress, we realized that it was worth it.

The senior editors would like to thank our two junior editors, Ashley O'Neill and Jane Paradise. We wish you the best of luck making next year's yearbook. We would like to thank Mrs. Wolf for everything she has done over the last year, without her patience and assistance this yearbook would not have been possible. Thanks to Josten's Publishing Company and our representative Tom Keeley, as well as Mark Lawrence Photography who provided us with many of the photos in this book. We would also like to thank the janitors who were always willing to open the yearbook room when our keys vanished, and lastly we would like to thank Arthur's Pizza for providing us with great food and always giving us drinks on the house.

Over the past four years, our class has seen its share of elation and tragedy. We may consider ourselves the "cursed class of '06", but everything we have been through will only make our memories that much fonder. We have met people that have impacted us forever and formed friendships that will last a lifetime, and although on June 9th we will move forward from WAHS, those who have entered our lives will never be forgotten. As we go on to college, the high school will no longer be ours, but our memories will continue on here forever. We won't remember the silly homework assignments or the impossible tests, the stress we faced around finals or the time we stayed up all night to finish a project. We won't remember the quadratic formula, going to the wrong lunch and having to walk into class half way through, or falling down the stairs during "rush hour." We will however remember all the amazing people we grew close to throughout our career at WAHS, from classmates to best friends, teachers to coaches. We will remember the support we received from our family and friends when our stress levels were too high, and that person who told us no one noticed the fall down the stairs when we knew half the school saw. That is why we editors joined yearbook. A yearbook should serve as a remembrance of all we have been through together and we hope we did justice to the memories you will continue to have of WAHS. We wish the class of 2006 the best of luck in their future endeavors and even though we will be going our separate ways soon, we hope that every time you open this yearbook you will be reminded of the awesome friends and great memories you had at North Andover High School.

Ben,  
You are the best friend anyone could ever ask for or want. The integrity of your relationships proves just how strong a character you have developed. You are a wonder to all.

The past couple of years have afforded you the opportunity of extreme personal growth. You have survived. Your will guides you. Every dream and idea you focus on becomes an achieved goal. You will be successful with each endeavor.

May your future be surrounded by God, love, luck and family. Know that your family will always be there for you.

Love,  
Mom
